

Ms. Caroline Mendy

Caroline Mendy is WSMI Director of Scientific and Regulatory Affairs. She is an expert in global regulatory and health policy with unique perspectives gained from working in multinational biopharmaceutical corporates, and as a policy-maker in United Nations (UN)/international regulatory policy & public health bodies.

Over the past 15 years, she headed research-based industry representation to the UN wider system, as well as she worked for the World Health Organization (WHO) and the European Directorate for the Quality of Medicines and Healthcare (EDQM) where she developed WHO and European norms and standards for medicines, and assisted countries with the implementation of national pharmaceutical policies.

She holds an M.Sc. in Structural Biochemistry from the University of Paris VII, and an M.Sc. in Pharmaceutical Sciences – Drug Development from the Faculty of Pharmacy of the University of Montreal.
